More people in village gives more staff opportunities when there is turnover. Not always busy store so more populated the more business

Another hairdresser next door and two other beauty treatment businesses in the village

Upkeep and presentation of a Grade 2 listed building with a prominent profile on the local landscape.

- No further infrastructure required.
- hmm the parish council wasn't a great example

How otherwise could the village be improved to benefit your business?

Text Responses

- More parking and improved parking
- Speed restrictions in the street, maypole rd., Gt Totham rd
- Restriction on the number of businesses offering the same services to prevent too much competition
- Additional parking
- To be allowed to use the village hall car park
- Leave alone. It's a village.
- lots of flowers

We would like to move into the village but need affordable 1/2 bedroom housing

We have enough clients but could always use more

1. Cars travel through the village too fast.

2. There should be an "Entry Only" off of The Street into the One Stop car park

More Chimney pots would mean more property transactions that may benefit our business although I feel Wickham Bishops needs to retain its semi rural feel

No more houses required. Business can run without further housing or people or infrastructure.

it's 'effect' not 'affect' x
